RELEVANT EVENT

LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.

Patent for Lleida.net registered SMS method in the United States
has been granted for a 20-year period

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 15/2016 of the Spanish Alternative Investment Market (MAB), we are hereby informing you of the following information relating to LLEIDANETWORKS SERVEIS - TELEMÀTICS, S.A.: LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A. (hereinafter, “Lleida.net” or the “Company”):

The US Patent Office has granted the patent requested by the technological company Lleida.net for the registered sms delivery product under the name of “**Method for the certification of data messages transmission to mobile terminals**” and number **9,973,463**.

This is Lleida.net fourth patent on registered methods as well as digital witness for electronic contracting and electronic notifications by the US Patent Office.

The granting of this patent will allow the company to expand its business in a booming sector with great potential such as electronic notification and contracting in the world’s largest market in property rights and technology services.

The method of Lleida.net allows notification through text messages, generating a certificate with legal validity that can be presented as evidence in court to prove the sending, the content and delivery of information.

We are available for any clarifications needed. Sincerely,

Francisco Sapena Soler
